A NEW CHAPTER

One day in Hyrule, a strange force drew Link deep within Hyrule castle, where he found the Triforce resting, glittering brilliantly as it awaited him.

"Link... Link... Accept the quest of the Triforce!"

Suddenly, Link was enveloped in a shaft of light, and the next moment, he vanished.

When Link awoke, he found himself in a forest he had never seen. Confused, he looked around blankly at the unfamiliar surroundings. He heard pleasant music and laughing voices echoing from deep within the woods. Link followed the inviting voices until he came upon a traveling troupe of actors. He was immediately struck by the beauty of a young woman who was dancing about in circles. When the girl noticed Link, she smiled brightly and called to him.

"Welcome to Holodrum. I am Din, the dancer," she said with glee. "Would you like to dance with me? Don't be shy. It will be more fun if we dance together." She took him by the hand, and he reluctantly began to dance.

Unfortunately, this blissful moment did not last long. The sky suddenly went dark, and there was a loud crash of thunder, followed by a resounding, thunderous voice.

"I've found you, Din! You can't deceive me by disguising yourself as a dancer. I am Onox, General of Darkness! Now reveal yourself, Oracle of Seasons!"

Then a great tornado dropped from the sky and drew near Din, as if to engulf her.

"Help me, Link!" she cried.

Link was blown back by the tornado as he struggled against its awesome force, and Din was swept away in the wind...

And then strange things began to happen throughout the land.

When Onox carried off the Oracle of Seasons from the land of Holodrum, the seasons fell into chaos and the land was deprived of the bountiful gifts of nature. Life was slowly being drained from the land, and all living things began to wither.

And so Onox set in motion his plan to gather the power from the withering land and create a world of total darkness. Will Link be able to rescue Din from the hand of evil, the General of Darkness?

Such is the quest Link must undertake.

LEGENDARY FIGURES

Link

The Triforce's quest sends Link to the strange land of Holodrum. His journey begins after he meets the traveling troupe of actors.

Din

Disguised as a dancer, the strong-willed Oracle of Seasons quietly assures peace in Holodrum, but an hour of evil draws near...

Impa

As royal nurse, Impa has cared for Hyrule's Princess Zelda since her birth. Zelda has ordered Impa to lead the Oracle of Seasons to Hyrule, and she meets Link on the way.

Onox

The General of Darkness is behind the chaos caused by the disruption of Holodrum's seasons. Onox has great power and uses his mighty flail to crush all who oppose him. He has cast a barrier of shadow around his castle and plans to gather the powers of destruction from the dying lands of Holodrum.

The Maku Tree

This gigantic tree is the guardian spirit of all Holodrum, and it now awaits a visit from a brave young man. It is said one can meet the Maku Tree only after showing great courage.

Princess Zelda

The Royal Princess of Hyrule is a symbol of the people's hope. Her vivid dreams allow her to predict when something evil is about to happen in the world.

Maple

Maple is an apprentice witch to her grandmother. She often sneaks away from training and flies around on the magic broom she recently learned to ride. Occasionally, she unexpectedly flies down and crashes into Link.

Vasu

The only jeweler in the world of Holodrum, he appraises the secret powers of rings made from magical seeds. Vasu also has two pet snakes.

Bipin & Blossom

Bipin is a famed tree planter who grows Gasha Seeds and freely offers information about them to curious travelers. Blossom is his wife. Together they have a young child who is full of promise. What kind of man will this child grow up to be?

Subrosians

Subrosians are the strange dwellers of a hidden world Link visits during his quest. They are a mysterious people who always wrap themselves in robes. Many surprises await Link in Subrosia.

Gorons

They used to live in peace on Goron Mountain, but because of the disorder in the seasons, their peaceful lives are threatened. The Gorons all took shelter in a cave to escape the bitter cold and now wait for Spring's return—patiently.

Great Moblin

The Great Moblin lives in his proud keep and tries to swindle a toll from all who pass by.

These are but a few of the interesting characters you'll meet on your quest.

THE LINK SYSTEM

You can play *The Legend of Zelda: Oracle of Seasons* and *Oracle of Ages* as two separate, independent games, but by linking the two together, you'll have an even deeper adventure.

As you play the two games, you'll learn many passwords, or secrets, that can be used to link the two games. These secrets that link the two games make up the link system.

Beginning a Linked Game

To begin this game as a continuation of *The Legend of Zelda: Oracle of Ages*, choose an unused file on the File Selection Screen, then choose SECRETS or GAME LINK.

You cannot choose a file name when starting a linked game.

You must have two Game Boy Color systems and a Game Link® cable to use the GAME LINK feature.

Don't press any buttons on the Game Boy Color with *Oracle of Ages* in it!

Using Secrets

You will learn many passwords, or secrets, when you play a linked game. In addition to the secret for traveling to another land, you'll learn secrets for powering up items, bringing rings from another land to Holodrum, and for taking rings to another land.

You'll hear secrets in many places!

Check your secrets in the Hall of Secrets.

Press the A Button or B Button to select an item and use it. At the start of your quest, you will have no items. Your inventory of items will increase one by one as you meet people, explore dungeons and find new items.

Selected Items can be changed on the Subscreen. Use the + Control Pad to move the cursor onto an item and press the A Button or B Button to assign the item to that button. Some items, like the Slingshot, can be used only a limited number of times. The number of times you can use an item is shown next to the item. There are different levels of power for the sword and shield. The level will be shown next to the item once it is powered up.

Sword

The Sword is your main weapon. Use it to attack enemies and to cut grass. It is said that a very powerful sword and a very special sword are hidden somewhere in the land.

Shield

Use the shield to defend against enemy attacks. Some enemies can't be defeated unless you use a shield. Once you find a stronger shield, you'll be able to defend against attacks your regular shield couldn't handle.

Rod of Seasons

You must get all the powers of the seasons to call up any season you wish. Stand on a tree stump and swing the rod to change the seasons.

Seed Satchel

The Seed Satchel holds your Mystical Seeds. Set the Seed Satchel to the A or B Button to use the seeds.

Slingshot

Use the Slingshot to shoot seeds at distant objects. Shooting different seeds will produce different effects. If you don't have any seeds, you can't use the Slingshot.

Bombs

A Bomb blast can damage enemies or blow holes in cracked walls. Press the button to pick up a Bomb, then press the button again while holding the + Control Pad to throw it.

Flute

Play your flute to call a friend for help when you need it. If your friend is too far away to hear the flute, though, he may not come.

Mystical Seeds

Ember Seeds

Mystery Seeds

You never know what to expect when you use these seeds. It's said that placing Mystery Seeds on particular objects will earn you hints related to your quest.

Scent Seeds

Scent Seeds emit a distinct smell that attracts certain monsters and enemies. Not all enemies you meet will be affected, though.

Pegasus Seeds

Rub a Pegasus Seed on yourself to move faster than normal. If you hit an enemy with one, though, the enemy will stop in its tracks.

Gale Seeds

Gale Seeds produce miniature tornadoes when cracked open. These winds can carry you directly to any Mystical Tree you've found. If you shoot a Gale Seed at an enemy, the enemy will be blown far away.

A screen for selecting Mystical Seeds will appear each time you set the Seed Satchel or Slingshot to a button.

The Rod of Seasons and Season Spirits

Autumn

Autumn leaves fall to the ground and cover holes. In this season, you can even pick mushrooms that are rock-hard the rest of the year.

Winter

Winter brings heavy snows and cold temperatures that can freeze lakes and rivers. In winter, some trees will be completely free of leaves.

Other Items

The items below are different from Selected Items. You use these automatically when you find yourself in need of them.

Zora's Flippers

You'll be able to swim after you get Zora's Flippers. Use the + Control Pad to swim and the B Button to dive underwater. Press the A Button repeatedly able to swim faster.

Magic Potion

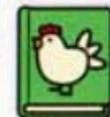

If you have a Magic Potion when your life energy reaches zero, your energy will be replenished. Magic Potions can be used only once, and you can carry only one of them at a time.

Jewels

The jewels are treasures from days gone by. It has been said that something will happen once all four of these mystical stones have been found.

Cuccodex

The Cuccodex contains all the information known about Cuccos. A biologist in the village is said to have it...

Rings

The many Magical Rings made from Mystical Seeds have special powers, and the effects of each ring are different. These rings can be found throughout the lands, but some of them are extremely rare.

Ring Appraisal

Even if you find a ring, you will not know the ring's power until you take it to Vasu, the jeweler, to have it appraised. A ring must be appraised before you can wear it.

DUNGEONS

In the dungeons of Holodrum, you'll find powerful monsters and complicated traps that will block your path. Search every nook and cranny inside dungeons to defeat the monsters and solve hidden puzzles.

Inside dungeons, your Rupee indicator changes to a key indicator, showing you how many keys you have.

You'll have to explore many dungeons to find all of the Essences of Nature. (Pg. 40)

Treasure Chests

In dungeons, you'll find many treasure chests that may contain Rupees, items or other treasures. Some are easy to find, but you'll have to solve complicated puzzles to find others.

Dungeon Items

The items described below can be used only in the dungeon you find them in. You can check which Dungeon Items you've obtained on the Dungeon Map.

Dungeon Map

The Dungeon Map shows the layout of all the rooms in the dungeon. The darkened rooms on the Map Screen are ones you have not entered yet.

Compass

The Compass shows you where to find treasure chests and the lair of the dungeon's boss. It also makes a noise when you enter a room that has an unopened chest.

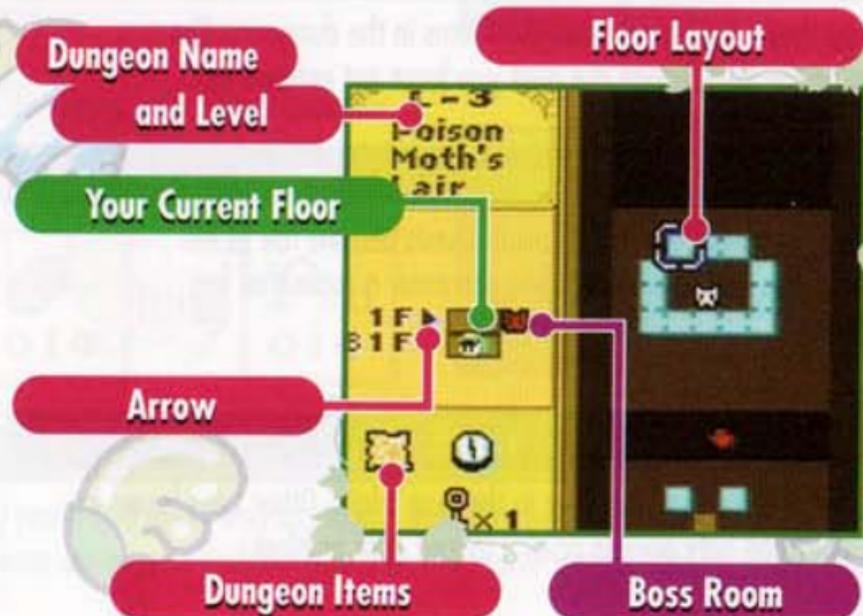

Keys and Boss Keys

You'll need the Boss Key to open the door to the boss's lair. Other keys found in the dungeon can be used only once to open a locked door or block.

Viewing the Dungeon Map

The Dungeon Map appears only when you open the Map Screen when inside a Dungeon. Lighted Rooms are ones you have explored. The map shows the layout of the entire dungeon. You can also check your current location and Dungeon Items on the map screen.

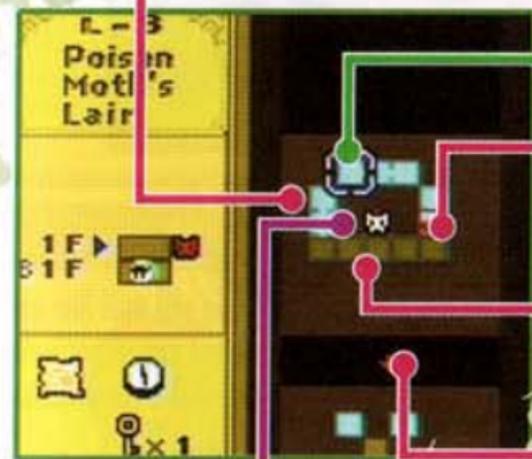

The Dungeon Map shows the layout of all rooms in the dungeon.

The Boss Room and Treasure Chests appear only if you have the Compass.

Lighted Rooms

Lighted rooms are ones you've visited.

Your Location

Treasure Chests

This marks rooms with unopened chests.

Darkened Rooms

These are rooms you haven't entered.

Arrow

This indicates additional levels in the dungeon.

Essences of Nature

Hidden throughout Holodrum are eight Essences of Nature that possess special powers. There is one essence in each dungeon. Use your power, wisdom and courage to recover all eight essences.

Tips for Dungeons

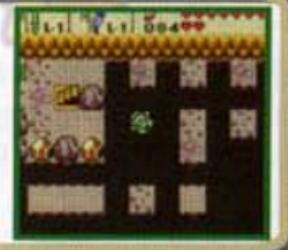

Cracked Walls

Use Bombs to blow holes in cracked walls, opening rooms on the other side. Some walls that are not cracked can also be destroyed with Bombs.

Pits

You will lose life energy when you fall into a pit, then you'll be returned to the entrance of the room. Some pits are not bottomless—a fall into one of these will land you in the room

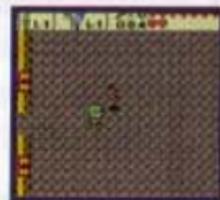

There are many other tricks in dungeons. If you see anything suspicious, try everything you can think of.

HEARTS & LIFE ENERGY

Life Energy Meter

Even if your life energy falls very low after taking damage, you can still recover by collecting Hearts. Hearts can be bought at stores, but you can also get them out of jars, from under clumps of grass, and even from some enemies. If you catch a small fairy, she'll refill six Hearts. Also, the Great Fairies found in the Fairy Fountains will restore all of your lost Hearts. Fairies and Great Fairies will be of tremendous help.

Heart Container and Pieces of Heart

You start the game with only three Hearts. Your life energy increase with each Heart Container you find. Dungeon bosses keep Heart Containers, but you can also get them by collecting four Pieces of Heart. Pieces of Heart are hidden throughout Holodrum.

Magic Potions

If you have a Magic Potion, your life energy will be completely replenished the instant it reaches zero. A Magic Potion is very useful, but it can be used only once, and you can carry only one at a time.

Finding such a valuable item will likely require great effort!

It is rumored that a witch makes and sells Magic Potions in her shop in some far-off corner of the world.

PARTNERS IN YOUR JOURNEY

You'll meet several reliable friends as you travel. Each one has special abilities that can aid you in your quest.

Ricky

Ricky will carry you in his pouch as he hops around. Ricky's best attack is his powerful punch.

Dimitri

Swimming is Dimitri's specialty. He can swim any sea and can even swim up waterfalls. You can use the Power Bracelet to carry Dimitri around.

Moosh

Moosh can fly around with you on his back. He can also hit the ground with great force, smashing nearby enemies.

Play the flute whenever you need a partner's aid. Your partner will show up as soon as he hears you. He won't come if the sound of your flute cannot reach him, though.

You can get only one flute to call a partner. The flute you get depends on how you go through your quest.

You'll meet your partners again if you finish Oracle of Seasons and use the secret password to continue your game in Oracle of Ages.

TIPS FOR ADVENTURERS

Below are some tips that will help you in your quest.

Master the Power of the Seasons!

Once you find the Rod of Seasons and receive the powers of each season, you can swing the rod from atop a stump to change the season. Find all four Season Spirits to get the powers of all four seasons.

If you reach a dead end in your travels, find a stump and use the Rod of Seasons. New paths may open!

Now you can cross the lake!

Winter comes and the lake freezes...

Swing the Rod of Seasons!

An impassable lake...

Fairy Fountains

Visit Fairy Fountains when your life energy is low. The Great Fairies can replenish all your lost hearts. Pay attention to where the Great Fairies live.

Fight With Maple

If the music changes and you see a strange shadow moving about, Maple is nearby. If you happen to bump into her, you'll have to fight her for the dropped items. You may get something very valuable from the fight.

Gasha Seed

You can plant Gasha Seeds in the patches of soft earth found throughout the lands. After planting a Gasha Seed, it will grow into a tree that produces a seed. What's inside the seed is a surprise.

Magical Rings

The Magical Rings all have different effects. Learning to use particular rings at particular times will help you complete your quest!

LINK YOUR GAMES, RECORD YOUR SECRETS!

Upon completing *The Legend of Zelda: Oracle of Seasons*, you will learn the secret (password) that will let you continue your quest by traveling to the distant land of Labrynna. Record this secret below and enter it into a *Legend of Zelda: Oracle of Ages* Game Pak to continue your adventure with an all new quest!

As you play, you'll learn more secrets that will let you bring items from one game to the other, power up the items you have, and even give new items that are otherwise unavailable! (See pg. 16 for details about linking.)
